

Coface **Debt Collection**

COLLECT UNPAID INVOICES

Coface Collection improves liquidity and safeguards profits. Our experts use their wide-ranging expertise to provide you with support on all collection-related issues. Coface also takes care of the time-consuming collection measures – so you can concentrate on your business.

Higher receivables represent a burden for liquidity

Debt collection

The involvement of a third party accelerates the collection process. We concentrate on time-consuming and frustrating procedures, and this allows our clients to focus on their core activities.

We help to lower risk, increase liquidity, improve cash flow and therefore return on capital employed, which leads to an enhanced credit assessment for our clients.

Service Specifics

- Local and international B2B collection of undisputed debts
- Close-knit local and international correspondent network
- Order placement, monitoring of collection steps, status reports and statistics via DCON
- Collection workflows adapted to debt, debtor and customer characteristics
- Standard collection measures include reminder service, telephone intervention, personal visits and payment schedule negotiations
- Legal advice and actions by specialised in-house or partner attorneys
- Efficient automated recovery management system for collection of low amount debts
- Electronic exchange between clients' systems and DCON for large volumes of data

Credit Risk Management Consulting

Our Credit Risk Management Consulting Services are designed to analyse existing systems and identify opportunities to improve processes and reduce costs.

Our consultants refer to information provided by our information database ICON as well as our experienced collection teams. Partner law firms specialised in legal debt recovery and insolvency proceedings may join the process as required. We also cooperate closely with the Department of Country Risk and Economic Research of the Coface Group.

Service Specifics

- Analysis of outstanding amounts
- Assessment of recovery methods with recommendations for improvement
- Staff training in receivables management
- Consulting on the design of effective reminders and efficient recovery methods
- Legal assistance before, during and after recovery procedures and insolvency proceedings

Receivables Management

Coface Receivables Management Services cover the entire receivables chain. Our experts support our clients to reduce the need for outside financing by improving receivables turnover.

Our modular approach allows clients to outsource the full life cycle of an invoice or only selected segments. Professional teams and efficient workflows streamline the entire collection process - from generating and sending invoices and reminder letters through follow-up and recovery of overdue amounts. We take over administrative duties and our clients are free to develop their business.

Service Specifics

- Outsourcing of the entire accounts receivable portfolio or specific parts for B2B collection
- Support for any chosen segment of the invoice life cycle: generating invoice data, issuing invoices, sending invoices, monitoring payment, sending reminders and taking legal actions
- Focus on precollection activities based on continued direct contact with debtors throughout the payment period
- Automatic start of collection procedures after payment delays
- Flexible interfaces for safe and smooth transfer of data

MINIMISE YOUR PAYMENT DEFAULT RISK

Collecting debts in an amicable way is the priority of our experts and this in turn helps preserve good business relationships. By entrusting your debt collection procedures to Coface, you will not only save time and effort, you will also be able to focus on your main activities. In addition, experience shows that debts are recovered faster when a third party is involved.

OUR COLLECTION SPECIALISTS HAVE IN-DEPTH KNOWLEDGE OF THE BUSINESS CULTURES IN THE CEE REGION AND A DETAILED UNDERSTANDING OF THE ECONOMIC FACTORS THAT INFLUENCE PAYMENT BEHAVIOUR.
